

To provide ABANDONED, ABUSED, TRAUMATIZED, ORPHANED, SICK & HIV + BABIES AND TODDLERS with excellent spiritual, emotional and physical care in a relaxed home environment, where every child has the opportunity to grow to his or her full potential, by ...

emphasizing individual care and optimal stimulation; sourcing, screening, registering, and supporting individual Place of Safety families by means of emotional and material support; counselling, training and group workshops.

This makes a positive difference in the lives of crisis children by changing their circumstances for the better and giving them a future.

The true character of a society is revealed in how it treats its children - Nelson Mandela

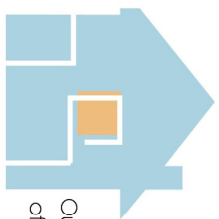

Tshwane Place of Safety Association

- FOCUSING ON THE NEEDS OF BABIES AND TODDLERS IN

CRISIS -

Printing sponsored by Print Kraft

Our association focuses on the importance of the **family unit & family life.**

Sadly, we are living in a society where more and more children are surviving on their own, without any support system. Many thousands more are living on the streets. This problem needs to be faced !

At **Tshwane Place of Safety Association** we focus on the needs of **newborn babies and young children up to age 6 years.** We have many Place of Safety parents who are screened, trained and registered with our Association. Our Safety Parents take care of children in crisis, parentless babies & toddlers, as well as several special needs children.

Our parents are not only care givers, but also experts on a variety of topics concerning health issues, as well as emotional and developmental issues. However, only love and lots of patience are required to stabilize a child in distress, to heal a sick child or to put a smile on the face of an abandoned baby.

We value a Family as the most important factor in the lives of our children. We want to give every child in crisis the experience of a caring and loving family — a home he or she can call their own !

We always need more Place of Safety parents. If you are blessed with a loving heart and adequate resources to look after a child, please contact us for more information about becoming a **Place of Safety Parent.**

needs List

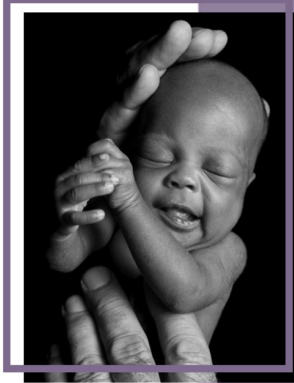

The Place of Safety or Foster Care family has to carry the emotional burden, but **you can help** to carry the financial burden by making a donation or signing a debit order.

Donations of any kind are very welcome. Food and toiletries are extremely welcome. We gladly accept second hand clothing, baby furniture and equipment, as well as toys - if these items are still in a good condition.
